WORK EXPERIENCE

Associate Applications Developer Oracle Financial Services Software

08/2019 - Present Bangalore

Oracle Financial Services Software Limited is a subsidiary of Oracle Corporation. It is an IT solution provider to the banking industry.

Responsibilities

- Worked in an agile environment with daily stand-ups, and kept track of user stories/bugs in GitHub projects.
- Worked with PM to keep on track with the project plan, and timeline.
- Utilized JavaScript, React JS, HTML, and CSS, to create 80+ responsive landing pages for both company and client. Another part of my work Involves CI/CD flow and deployment.
- Implemented UX/UI standardization across the application to match the theme of Redwood at the domain level.
- Coordinate with QA resource and verify all acceptances tested before moving on to next environment.
